We have reviewed the proposed **display of motor vehicles, including boats and motorcraft** application. Our review is to ensure compliance with the minimum code requirements related to fire and life safety as set forth in the California Fire Code. **All of the following requirements shall be adhered to:**

1. Batteries shall be disconnected.
2. Vehicles shall not be fueled or defueled within the facility.
3. Fuel in the fuel tank shall not exceed one-quarter of the tank or 5 gallons, whichever is less.
4. The location of vehicles shall not obstruct means of egress.
5. Fuel systems shall be inspected for leaks prior to parking vehicle within the facility.
6. Fuel tanks and fill openings shall be closed and sealed to prevent tampering.
7. Fuel for vehicles shall be stored in approved containers outside of the facility.
8. This completed application shall be available on-site at the time of the final inspection.
